

BRAVE BRUNO

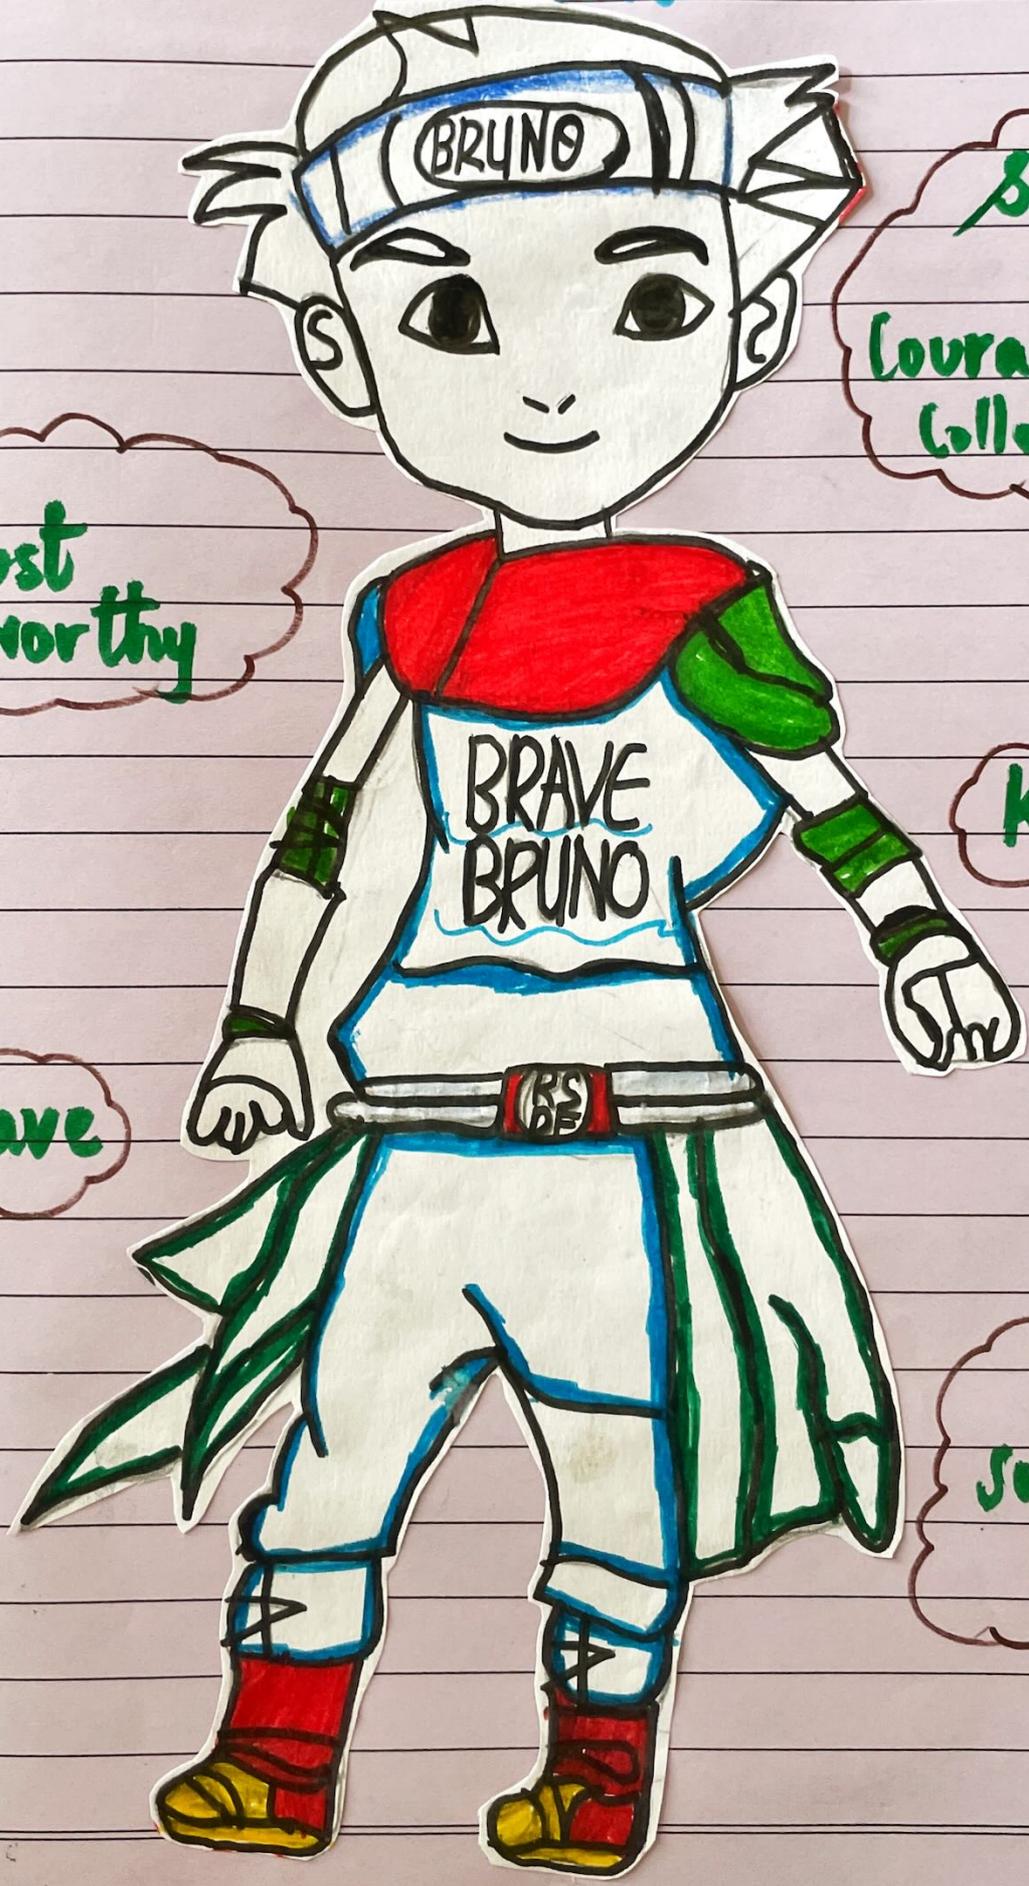

Once upon a time, Bruno and his friends were playing near the lake. All of a sudden, his younger brother fell into the lake. All the people gathered in tension. As the boy kept screaming for help no one dared to help him. As he screamed Bruno heard a loud voice passing through his ears. When he reached there, he saw his younger brother was drowning. Risking his own life and without thinking he quickly got into the lake and saved his beloved brother from drowning. He was not only rewarded but also given a title 'BRAVE BRUNO'.
