

## Kate is a blessing - A story of how I met Cautious Kate - By Courageous Collet

(Author and illustrator - Jane Anind Roy age: 9 years and 11 months)

Hi! My name is Courageous Colette and my sidekick's name is Cautious Kate! Oh! There she is! Wave hi! Seems like she's going to the mall! Kate is really cautious! Her cautiousness is the reason why she's my sidekick! Do you guys know the story? No? Let me tell you!

Once upon a time, in a dark, creepy forest there lived a courageous girl called Cole- wait, that's not how the story goes! That's another story! Silly me! This is how the actual story goes: One sunny day, I was walking to market when suddenly, it started raining! I didn't mind so I continued walking. Till I met the biggest, most gigantic muddy puddle in my life!! For a second I felt like I was going to act like Peppa Pig and jump in but just before I jumped in, a thought popped into my head. The market has a dress code! They wouldn't let me in if I'm muddy! So, I decided to jump over the puddle instead. 3.. 2...1... JUM- 'WAIT!!' (Yes, this is the part where Kate comes in.) "Don't do it!" a girl with dark purple hair shouted. (That's Kate! ) "Umm.. why not?!" I asked. 'Hi my name is Kate and you need a raincoat if you are going to jump over that puddle! Here, I have a spare one!' Kate replied, handing me a raincoat. "Wow! Thank you!" I said, amazed that someone actually gave me a raincoat. I was also very impressed. So this is what I said, "You're exactly who I need! "Please become my sidekick!" "I-i would be honoured t-to" Kate said, blushing profusely. THE END!

This is the story of how Kate is my sidekick! Oooh, look Kate brought two ice-creams from the mall! YUM! Oh, you're still here? BYE!

THE END! 😊

CAUTIOUS

KATE!
