Ocean is clean again

~Hannah Mathews

Courageous Collette was sitting on her couch wondering what she could do. Then suddenly she remembered about her friend Inventive Idris. She thought they both could go underwater exploring. She shared her idea with Inventive Idris and he agreed.
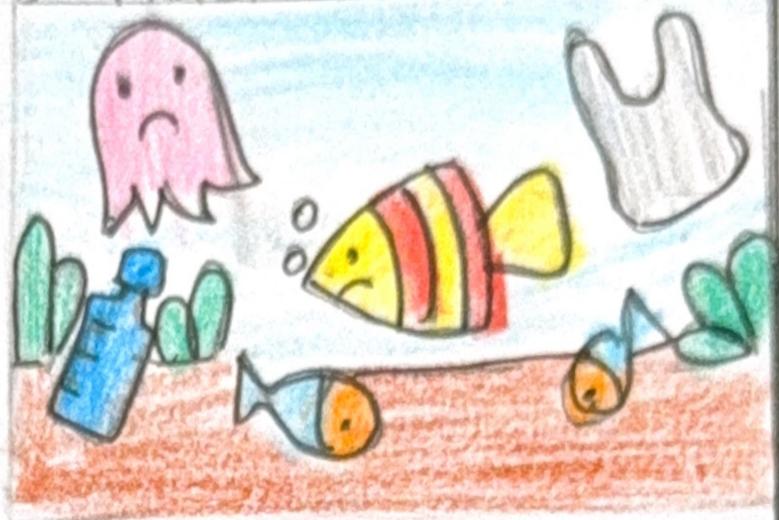

So they packed up and then set-out for their deep-sea exploration. They swam around in the ocean enjoying the colourful sights around them. But then they noticed

something unusual. There was trash every-
where. Collette said that it had to be cleared
up. Even the sea creatures
looked unhappy. They
both The They both swam out of the
water. They thought and thought. Then then
Idris said he could invent a machine
that could suck up all the trash into
a large sack. And in the sack all
the garbage will be segregated
Inventive Idris took
hours and hours until finally

the machine was ready. They decided that the next day they would go to rescue the ocean.

The next day they were up early in the morning

Garbage collecter

and swam out into the ocean. They saw all the garbage floating about. After that collette used the machine and sucked the garbage.

They were so happy that it wor-ked out and that the ocean was clean. The news spread and they got many calls and mails from across the Globe.

Governments from different nations asked them to explain the miraculous work they did. And because of them the ocean could show it's true colours.

They became multimillionaire with Inventive Idris as the hero and Courageous Collette as his sidekick. And maybe they will make this world a better place to live in.
