

## Round Square Writing Competition

Eva 4H

Write your story below (approximately 500 words):

On a dark and stormy night, there were two people sitting on a couch eating... PIZZA! Yes, they were eating the best food whilst playing video games. "Yes! I won again!" Said the amazing, tenacious, wonderful Tenacious Tino! "Awww," Said the hero of our story (Shhh! Don't tell!) Tiny Tino was Tenacious Tino's brother. KNOCK KNOCK KNOCK! "It's open," moans Tenacious Tino. "You are as lazy as your dad!" Yells their mum. "It's past your two bedtimes," "Fine," Says Tiny Tino. The next day Tiny Tino did not wake up in his normal bed he woke up somewhere underground. "Huh?" He stretches and gets up. "Where's the cereal and milk?" He says. Ding! Went an elevator. "Shush." Went a voice. "I didn't-" "shush." Went again the voice. "Who are you?" He calls out. "I'm... Tenacious Tino!" He couldn't believe his ears, his brother was the kidnapper! "What!" "Look I know this surprising but the chess changer is on the loose." First of all, Tiny Tino had NO idea what he was talking about. "The who?" He says quietly even though he was shouting. "The... never mind." He stumbled on his words that's never a good sign. He thought, "I Tenacious Tino now make you my loyal sidekick!" "Wow!" "Yes I know it's amazing." "You have a candy machine? I'm telling mum." "Let's get you into your outfit." A few minutes later, Tiny Tino

was dressed the same as his brother "I don't like this outfit." He said. "It's snazzy now let's go!" Now they were quietly walking to the park. "We've been walking forever." Sulks Tiny Tino. He thought they'd be going to get pizza. "We're nearly here!" "Fools! You're in enemy territory." They turned around ever so slightly and they saw the CHESS CHANGER. "Run!" called Tenacious Tino as he began speeding down the sidewalk (even though he's meant to walk.) But he was too slow and the Chess changer caught him. "Let me down you big baddy." He screamed, I have to help my brother, thought Tiny Tino. He pulled a grenade out of his pocket and showed it to the Chess Changer. "Brother put your bomb proof cape on." "Why?" Said Tenacious Tino. "You'll see." He said 3, 2, 1. BOOOOMMM! The Chess Changer fell to the ground and runs away. "I'll get you next time!" He screams as he runs away. "Well good job little bro, I now give you powers of mine which are tenaciousness, courage, braveness and kindness." "Thank you!" Says Tiny Tino happily. "I work in a superhero company called Round Square and I think they would like you for a sidekick." Says Tenacious Tino. "Really?" "Really." As they walk back home as dawn approaches.
